A UNIQUE DAY,
A SPECTACULAR PLACE

The venue

FOR UNFORGETTABLE MOMENTS,
CHOOSE A PLACE YOU WON'T FORGET.

Sweetness of life

Nestled **in the heart of the Beaujolais** and protected by the vineyards, the Château de Bagnols, a 5* Relais & Château hotel, has been combining a gentle way of life and romanticism **for over 800 years**. This place steeped in history will immerse your guests in an atmosphere full of magic.

Create the future through the past! Moat, drawbridge, towers, fortifications... The architecture of the Château reflects its medieval origins and invites you to travel through time. The building has managed to preserve all its history and restores the spirit of the 13th century with elegance. **Authentic luxury, without ostentation.**

An unique day

A ceremony on the edge of the Roman basin, in our gardens or in the heart of our 116 cherry trees a wine reception with a panoramic view of the Beaujolais; a dinner in the heart of the Château up to 150 people... The solutions are varied at Château de Bagnols.

A night at the Chateau

The French art of living is revealed in the 25 suites of the Château, with an exceptional décor that will transport your guests through history. A spa and various indoor and outdoor spaces will fit with your desires. Room rental or total privatization of the Château and its annexes possible.
