YOUR WEDDING AT CHÂTEAU DE BAGNOLS

They say that a wedding is the most beautiful day of a lifetime, and it deserves an exceptional setting. At the heart of a jewel of French heritage, Château de Bagnols welcomes you to celebrate your union amid preserved nature, golden stone, and the French art de vivre.

Attentive to your wishes, we support you in organizing a reception that reflects who you are. High-end services, attention to detail, and a touch of magic come together to make this unique day a moment of elegance and emotion, where every detail tells your story.

Nestled in the heart of Beaujolais and sheltered by vineyards, Château de Bagnols has embodied the art of living and romance for over 800 years. Moats, a drawbridge, towers, inner courtyards, and fortifications reveal the Château's medieval character and invite your guests on a fascinating journey through time.

A NATURAL SETTING FOR YOUR CEREMONY

Nestled in the hills of Beaujolais, Château de Bagnols offers a setting of rare beauty to celebrate your union. Outside, the French-style gardens reveal their geometric pathways overlooking the cherry orchard and the pool reminiscent of a Roman basin. From the terraces, the panoramic view of the vineyards and surrounding valleys creates a living backdrop, perfect for your outdoor ceremonies and receptions.
